

## SLPCC RATING REQUEST FORM

Notify a member of the Rating Committee with a request to be re-rated and acquire the necessary form and instructions. Information as to how to contact the Rating Committee may be obtained from the club website.

1. The Rating Committee Chair will coordinate setting up days and times to initiate this process.
2. Register to play with a group that is one level higher and play a minimum of 6 games on two separate days. Applicant must follow normal playing procedures. Applicant may play a maximum of 2 games with the same group and then rotate to a new group of **higher level players only** to play with as many different people as possible. Record the requested information on the rating form. If difficulty is encountered in registering to play, contact the Club President who will assist the applicant in procuring a time slot.
3. After completing the required six games and filling in the information requested, the completed form should be returned to a member of the Rating Committee. Feedback from the partners and opponents will be used for evaluation along with comments from committee members obtained by direct observation of applicant's playing.
4. After completing the six games, the Applicant must return to his or her original lever, continuing to sign up and play in the division of his or her current rating.
5. A Rating Committee Meeting will be scheduled as soon as possible after receiving the requested information from all the applicants. The committee will then determine the applicant's appropriate skill group and notify the applicant of the re-rating decision.
6. Members may use this procedure no more than once every two months.
